WHITTIER, CAL.
NOV 12
12- M
1913

Mrs. Geo. Grandy,
Arcadia,
Calif.

CM

Wed. Nov. 12, 1913.

Dear Mrs Grandy and all

Was certainly glad to get your card, I have thot of you folks many times and wondered how you liked your new home have wanted to come up, one eve, we went up to Pasadena, Elzie took Lizzie, Zelpha, Orlyn and I up on Wed. and we stayed until Sun, well I went out to Tropico Fri. and he came out Sat. eve. and Sun we went over to Pasadena for Lizzie came home through L.A. but when we went up on Wed. eve, I wanted to stop and see you so much but Elzie had to

come home yet that we and it was about four oclock when we left home so he thot it would make so late, but we are coming some time. Orlyn grows fast he talks of Helen, Alice, and Gae so much talks to himself about them he would love to see them, and I certainly miss them, guess they are growing, I still remember their flowers they used to bring me, one come at a time and each one a rose or two. I like Mrs Goodbar very much she is a good neighbor, (but I still think lots of my old neighbors) she has 3 children Lila aged 9 but I don't think as big as Helen, Cleta

aged 6 and Orlie aged 4, he is
cute, he and Orlyn get in it
sometimes he doesn't seem near
as old as he is he isn't any
bigger than Orlyn + can't talk near
as plain, he came + knocked Mon.
mom. + I went to the door and, he put his hand on his head he says
"Miss Cup see my hair tut," Mrs G.
seems to like her new home real
well, it is rather lonely for her as
she has no way to get around
no chickens, cow, nothing in the
way of live stock so far.

Mrs Palmer has company this
wk. (as usual) and expects

company next wk. I think. She
is feeling pretty good some days
some days not so good, I told
her I rec'd. a card from you
& gave her your message she
said for me to remember her to you.
Esta and Susie are home again
and Grandma is with them.
The folks are all real well
Papa, Esta Kreiter, Callie, & Ruth are going to
Modesto for a wk. or 10 days start
Friday, mama had a very bad
spell with her back since you
moved but is better again, The
girls Anna, Alma & Rachel are
going to school. Sister Hettie moved
about the 25 of Sept. likes her
new home she will be at

Modests while the folks are there I am awful glad, for we heard she is a little homesick, but she has never written a word about it. Easts have sold and are going to move tomorrow, an Eastern man & family have bought the place.

Mrs Ogden is still on the ranch she & Zelpha are neither very well she talks of moving to Whittier.

Edgecombs are on their way East Turkelsons have gone & Woodards are going to day. Moors have moved on the Edgecomb place so far none of the others have sold or rented as far as I know.

Mrs Hawley's baby isn't well.

We hear Perkins have sold their store, so their will be almost a neighborhood of new people. Well this is the neighborhood news as far as I know so you can just call this the Los Nietos News.

Was so sorry you are not well, do hope you are better. I am better in some ways my side is getting stronger I know I haven't been so well this wk. I think I must have neuralgia as I have had such misery through my arms back & breasts, I overdid my self a little Sun. I guess, we went to Long Beach expected to visit friends & they were up to see us, and guess I hurried to

much as we spent the day on
sand after we found no one at home.
Well I must close excuse this
awful scratchy letter, and write
to me. Kiss girls for Orlyn & us too,

From Your old Neighbor
Jennie Culp.

P.S. We still talk a little of our
Eastern trip don't know for sure if
we will go or not, Elgie's dear & only sister
died Sept. 20 so in one way we are
not so anxious to go, but his brothers
just think we have to come.
